

# Committees

## 2006 National Cooperative Soil Survey Conference

### Standing Committee Reports

#### **Standards and Procedures Committee**

(This committee includes Taxonomy)

**Chair: Bruce Thompson – MO12**

**Co-Chair: Dr. John Galbraith**

Potential Topics:

- ICOMANTH
- Subaqueous Taxonomy from Mark Stolt
- Series Concept
- Use Dependent Soil Properties

#### **Research Needs Committee**

**Chair: Dr. Dave Hammer**

**Co-Chair: Dr. Martin Rabenhorst**

Potential Topics:

- Need to check last Regional and National Conference Proceedings
- (What are the Research Needs)

#### **New Technology Standing Committee**

**Chair: Amanda Moore**

**Co-Chair: Dr. Rick Day**

Potential Topics:

- Point Data vs. Series Data as a basis of soil interpretations
- Pedometrics
- Tools for soil survey

### In-Conference Committees

#### **Committee 1: By-Laws Committee**

**Chair: Steve Fisher**

**Members:**

**Martin Rabenhorst**

**Steve Carpenter (MO-13)**

**Neil Babik (USFS)**

Potential Topics:

- Needs to be modernized, that is simply making the bylaws document consistent with our current structure and names. Ask Steve to write a draft and ask committee members to review it. This work should be completed prior to the conference.

#### **Committee 2: Subaqueous Soils**

**Chair: Dr. Mark Stolt**

**Co-Chair: Dr. Richard Shaw**

Potential Topics:

- Need to check last Regional and National Conference Proceedings

#### **Committee 3: Hydric Soils**

**Chair: Lenore Vasilas**

**Co-Chair: Dr. Peter Veneman**

Potential Topics:

- Need to check last Regional and National Conference Proceedings
- Water Table Monitoring
